

This corrects the article:

Wang W, Jie Y, Zhou J. **Values of serum PCT, suPAR combined with severity scores for evaluating prognosis of septic shock patients.** *Rev Romana Med Lab.* 2021;29(4):395-402. DOI:10.2478/rrlm-2021-0034

We appologies for omission in the above mentioned article:

1. on page 396, in **Material and methods** general section:
This study has been approved by the ethics committee of Tianjin Hospital, Tianjin University.
2. On page 401, before **Conflict of interest**:
Authors' contribution: WW: Study design, significant manuscript revision, YJ: Clinical data collection and analysis, manuscript drafting, JZ: Clinical data collection and analysis, manuscript drafting
